

# TACTICALPAY POS Ordering Firearms from Davidson's

Davidson's Integration · FFL Boss | Page 1 of 5

The Davidson's integration in FFL Boss allows you to browse Davidson's full product catalog, place orders directly via the API, and track transfer status — all without leaving FFL Boss. Orders are billed automatically through your existing Davidson's dealer account. An active Davidson's dealer account is required to use this feature. The catalog syncs nightly; pricing is updated periodically by Davidson's.

**Before you begin: The Davidson's integration must be enabled on your FFL Boss account (this may be an additional cost — contact your TacticalPay representative) and your Davidson's dealer account number must be entered in FFL Boss Account Settings → Davidson's Account Number.**

The screenshot shows the FFL Boss Account Settings interface. The left sidebar contains navigation options: NFA Dashboard, Reservations, Rentals, Exports, Trusts & Legal Entities, eForms Products, Standard eForms Questions, Events / Gun Shows, Employee Monitor, Emails Sent, Firearm Trace Log, Locations, FFL Boss ERP, Primary, and Help & Support. The main content area is divided into several sections: Business Address (Street 1: 999 Demo Ave., Street 2, City: Demo, State: Arizona, Zip: 99999), Two Step Authentication (Note: For more information on Two Factor Authentication (2FA) click here. On Off), Kiosk & IOI Pen Code (four empty input boxes), New Password (password field and Retype Password field), LEEP Login Information (Note: Using the FFL Boss eNICS Autofill plugin you can be automatically logged into the LEEP portal and have the customers background check information auto populated. LEEP Username, LEEP Password), Davidson's Account Number (I don't have an account, Davidson's Account Number: 79826238342341111), GunBroker Login Information (Subscribe to the GunBroker Module in Marketplace to access this feature.), AmmoReady Login Information (Subscribe to the AmmoReady Module in Marketplace to access this feature.), and ATF E-Form Login Information (ATF E-Form Username, ATF E-Form Password).

Fig. 2 — Davidson's Products catalog: full inventory list with search and Product Class filter.

## 2 Search or Filter

- **Search bar** — search by product ID, manufacturer, model, or UPC
- **Product Class** dropdown — filter by firearm type (handgun, long gun, etc.)
- **Quantity column** — shows Davidson's current stock; the catalog refreshes nightly

**Tip:** If reordering a product you already carry, scan its UPC barcode into the search bar to find it instantly — no need to browse or type the name.

## 3 View Full Item Detail on Gallery of Guns (Optional)

Each item ID is a hyperlink. Clicking it opens the item's full detail page on **Gallery of Guns** — Davidson's consumer-facing marketplace — useful when evaluating a product before ordering or verifying ATF-required fields. You can view complete product specs, images, and current availability.

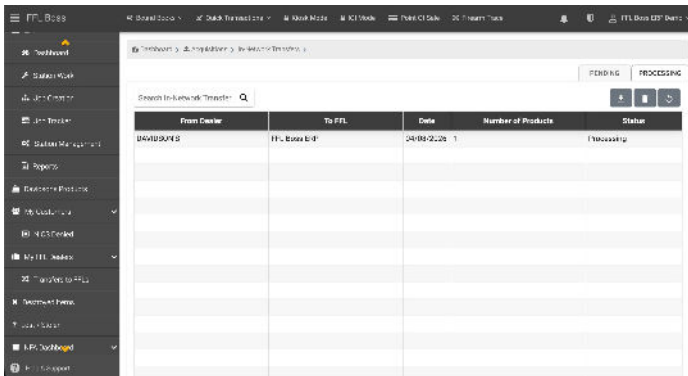

Fig. 6a — In-Network Transfers: active transfer showing From Dealer, To FFL, Date, and Status.

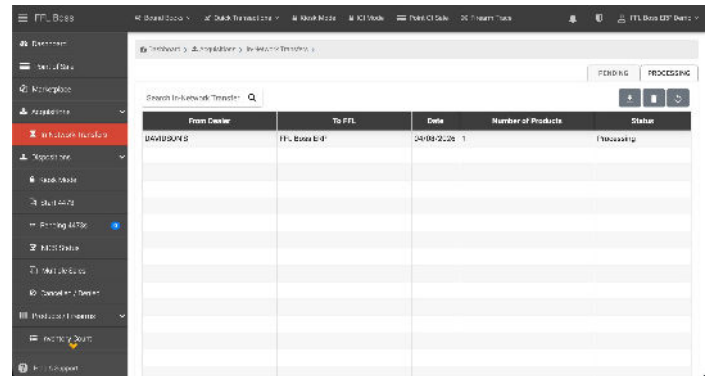

Fig. 6b — In-Network Transfers list under Acquisitions in the left navigation.

- **Processing** — order received by Davidson's and being fulfilled
- **History tab** — transfers that have been completed and shipped by Davidson's
- Status updates are pushed from Davidson's automatically — you do not need to update them manually
- You will receive an email confirmation from Davidson's after the order is submitted

## 7 History Tab

The **History** tab shows completed transfers with columns for From Dealer, To FFL, Date, and Number of Products. Transfers move to History automatically once Davidson's has processed and shipped the order.

## Part 4 — Record the Acquisition When the Firearm Arrives

When the firearm physically arrives at your licensed premises, record it in your A&D Bound Book as an acquisition, exactly as you would for any other incoming firearm.

- Navigate to **Acquisitions** → **Add Acquisition**
- Select **Davidson's** as the transferor under Importer / Customer / Dealer
- Complete all ATF-required fields — most product data (manufacturer, model, caliber, type) can be referenced from the Davidson's Products catalog entry
- Enter the **serial number** from the physical firearm — this must be entered manually on receipt
- Enter the **date received** and click **Add Acquisition**
- Refer to the **Firearm Acquisitions** guide at [tacticalpay.com/knowledge-base/](https://tacticalpay.com/knowledge-base/) for full step-by-step instructions

**Every firearm that enters your licensed premises must be recorded in your A&D Bound Book on or before the date of receipt. Do not record an acquisition before the firearm is physically in your possession. This guide is for informational purposes only and does not constitute legal or compliance advice. Consult your ATF compliance officer or legal counsel for guidance specific to your license.**

**Once saved in FFL Boss, the acquisition syncs automatically to your TacticalPay POS inventory under Products → Firearms and is ready to sell.**
